## OVERVIEW

---

- Abhay Venkatesh is a *Tech Lead* at Anduril Industries, where he focuses on Autonomy Infrastructure, Simulation Infrastructure, Command-And-Control, and Lattice
- Abhay is mentored by **Jared Newman**, *Head of Platform* at Anduril, and **Nabil Enayet**, *Group Lead for Platform* at Anduril
- Prior to his Tech Lead role, Abhay worked directly under **Brian Schimpf**, *CEO and Co-Founder of Anduril*, and *ex-Director of Engineering at Palantir*, on Perception problems ranging from Edge Inference, Quantized Learning and Inference, to Object Detection and Mapping
- Abhay graduated from the University of Wisconsin-Madison with *Distinction and Departmental Honors with a Bachelor of Science in Computer Sciences and Mathematics*
- At the University of Wisconsin-Madison as an *Research Assistant*, Abhay worked on Computer Science research, focusing on Machine Learning, Computer Vision, Robotics, Human-Computer Interaction, Internet of Things, and Big Data Systems
- For his Machine Learning and Computer Vision Research, Abhay was advised by **Dr. Vikas Singh**, *Professor of Computer Science and Bioinformatics* at the University of Wisconsin-Madison
- For his Big Data Systems Research, Abhay was advised by **Dr. Shivaram Venkataram**, *Assistant Professor of Computer Science* at the University of Wisconsin-Madison
- For his Human-Computer Interaction and Robotics Research, Abhay was advised by **Dr. Bilge Mutlu**, *Professor of Computer Science* at the University of Wisconsin-Madison
- Abhay has also worked at Facebook as a *Software Engineer Intern* on the News Feed Integrity Team, where he worked on machine learning, modeling, and product to improve the quality of the Facebook News Feed
- At Stanford University, Abhay was a *Research Intern* working on Robotics, Human-Computer Interaction, and Software Platform research advised by **Dr. Wendy Ju**, and **Dr. Michael Bernstein**
- In High School, Abhay was the *Valedictorian* for his breadth of excellence ranging from music and competitive quizzing to academics and entrepreneurship

## EXPERIENCE

---

**Anduril Industries**  
*Software Engineer*

Irvine, CA  
May 2019 —

- Command-And-Control Product Architecture
- Simulation Infrastructure Architecture
- Mission Autonomy Architecture
- C++ Infrastructure Architecture
- Systems Software - Hardware Images
- Perception
  - \* Mapping
  - \* Object Detection
  - \* Quantized Learning and Inference

**University of Wisconsin-Madison**  
*Research Assistant*

Irvine, CA  
September 2016 — May 2019

- Machine Learning and Computer Vision Research under Dr. Vikas Singh focusing on Novel Activation Functions, Semantic Segmentation, and Computer Vision for Drones
- Robotics and HCI Research under Dr. Bilge Mutlu focusing on Collaborative Industrial Robots
- IoT Research at the IoT Lab focusing on Computer Vision and Smart Homes

## **Facebook, Inc.**

*Software Engineer Intern*

Menlo Park, CA

May 2018 — August 2018

- News Feed Integrity Team
- Common Ground - built data models and analytics dashboards for i8n launch
- Polarization - built new ranking algorithm based on an unsupervised model, ran experiment on 1% of Facebook's users
- Article Context - built article-to-context mapping system with 99% precision and 99% recall
- Received full-time return offer

## **Stanford University**

*Research Intern*

Stanford, CA

June 2017 — September 2017

- Multi-Robot Interaction project under Dr. Wendy Ju
- Daemo, a crowdsourcing platform, under Dr. Michael Bernstein

## **Startup at Top Business School**

*Product Manager Intern*

May 2016 — August 2016

- Market research, pricing analysis, competitive analysis
- UX research, helped identify improvements to reduce attrition by 15%

## EDUCATION

### **Stanford University**

Computer Science (Non-Degree)

Stanford, CA

*Summer Session (GPA 4.0)*

### **University of Southern California**

B.S. Computer Science

Los Angeles, CA

*Admitted but did not enroll*

### **University of Wisconsin-Madison**

B.S. Mathematics, Computer Sciences (Honors)

Madison, WI

*Graduated with Distinction*
